WILLIAM EGLEY IS VICTIM OF BANDITS AT KNOXVILLE, TENN

Paul Egley, Father, and Arthur Egley Leave in Effort to Find Son.

William Egley, son of Mr. and Mrs. Paul Egley, seven miles south-east of Mishawaka, and now operating an ice cream and confectionery store in Knoxville, Tenn., is supposed to have been the victim of bandits a week ago Sunday night and since that time no trace of Egley can be found. A telegram containing this information was received by the young man's parents. His father, Paul Egley, and his brother, Arthur Egley, left immediately for Knoxville in an effort to find some trace of him.

According to the contents of the message Egley, who was the proprietor and manager of an ice cream and confectionery store, was seen for the last time a week ago Sunday at his store. On leaving the store he had a large amount of money with him and it is supposed that he was robbed and probably beaten or killed by bandits.

COUNCIL POSTPONES SOLDIER'S MEMORIAL PROJECT TO JULY 14

Owing to the illness of Councilman Chesbro and that Councilman Thomas Webb and L. L. Graves were out of the city, Councilman Gardner made a motion at the meeting last night that the proposition of the Soldiers and Sailors Memorial be postponed or deferred until the next regular committee meeting which will be held July 14.

A petition was filed some weeks ago for the memorial and was signed by over 200 citizens, a public hearing was held about three weeks ago and the matter was continued until June 22. Mayor Gaylor in opening the meeting stated that at the last meeting the matter had been referred to the council as a committee of the whole but he saw that there were some people present and it was again open for discussion or information. Amund Schellinger spoke in behalf of the project. City Controller Michael stated that the bonds asked for in connection with this memorial was the largest amount of bonds the city was ever asked to issue and therefore the council would have to investigate the matter carefully. Mrs. W. E. Butterworth, Mrs. Rosa P. Grimes and Mrs. James G. Bostwick were present to represent the Mishawaka Woman's club.

In 1889 it was first proposed to construct a tunnel across the English channel from Calais to Dover.

COURT TAKES WORD OF SPEED OFFICER

"Expert Testimony" Car Couldn't Go 31 Miles an Hour is Ignored.

Differences in the powers of observation were brought out in the city court on Wednesday morning in the case of Carl Lash, 1014 E. Wayne st., arrested by Motorcycle Policeman McIntyre on a charge of exceeding the speed limit.

Officer McIntyre on the stand testified that Lash was running his car between 31 and 35 miles an hour Tuesday night while Bob Smith, a man who was riding with him and the proprietor of an automobile shop, declared that the car was not going over 15 miles an hour at the time and that it was not capable at the present time of going over 20.

The proprietor of the garage said that the car had a new motor which was not capable of engendering a speed of 21 miles an hour, while Lash and Smith were positive that they were running only 15.

Judge Omaha took the word of the officer and fined Lash \$1 and costs, which he declined to suspend upon the post-bellum argument of Atty. Mowka, that Lash had the car loaded with berries at the time and that this fact would have naturally stopped him from running faster.

Virgil Reed, 1134 McCartney st., charged with operating his car with an open muffler, upon arrest by Officer McIntyre, was fined \$5 and costs.

FORBID DISPLAY OF WHISKY DISTILLERIES

By United Press: INDIANAPOLIS, Ind., June 22.—Dealers in beer making materials and brewing apparatus are going to find themselves in serious trouble if the prohibition enforcement agents carry out instructions contained in a letter sent by Frederick Van Nuy, United States District Attorney to H. Abel, of Indianapolis, and G. J. Simons of Hammond, group chiefs of prohibition agents in Indiana.

Abel referred to his letter immediately to Bert Morgan, prohibition enforcement officer for Indiana, and Morgan made the letter public.

Numerous complaints have been received by federal officials to the effect that liquor manufacturing ingredients and apparatus are being displayed openly in many store windows not only in Indianapolis but throughout the state as well. Under section 17 and 18 of the Volstead act this is clearly forbidden, according to Van Nuy.

"HELIOTROPE"

As "Humoresque" showed to the world the heart of a mother, so "Heliotrope" stands as the greatest story of father-love ever filmed. He said it with flowers—he sent his wife a sprig of heliotrope and it had no more effect than two thousand volts of electricity! Yet he never lifted a hand against her. His victory was for more terrible—far more noble—than that.

Also a Good Comedy.
